

2012 Reports

Damson Day, Low Farm, Crosthwaite, 14th April

Damson Day, held in the Lyth Valley, Cumbria is an annual event Crook have been invited to for several years.

It is a splendid show featuring everything "Damson" and lots of other attractions besides. We had a good turnout of both dancers and musicians who entertained the appreciative audience for two half hour spots.

We danced and played well, albeit the occasional boob that hopefully only we noticed.

If you've never been, I can recommend it highly as an interesting day out.
